

TOPICAL INDEX TO LONG JOHN NEBEL TAPE RECORDINGS

(last update 12/22/2010)

Because the subject matter could not always be deduced from the show titles, this is only a **partial, selected index**. No guarantee is made that this index is complete or comprehensive.

To request a specific recording, cross reference the show and date with the main finding aid, http://library.syr.edu/digital/guides/n/nebel_lj.htm, to obtain the tape number(s). All three pieces of information (show title, date and tape number) are required for retrieval.

The **dates** given are recording dates. Shows were sometimes aired on different dates, or were repeated at a later date. To determine whether there are other air or repeat dates that apply to a given show, cross reference the show and date with the main finding aid, http://library.syr.edu/digital/guides/n/nebel_lj.htm
