Main Entry: American Book Company

Description: Illustrations, 1865-1956, including photographs, galleys, proofs, prints, reproductions copies, and original art work.

From the list of artists to watch for sent by Mauck Brammer, the following artists and works turned up in the collection. Most notably absent is that of Winslow Homer, but this list is taken almost exclusively from the ~~illustrations mounted~~ section titled plates and more work might be uncovered in the packages arranged by individual book. Some inaccuracies may be recorded, due to the variety of signature or the use of initials; where applicable these variations follow the name ^{given} on Brammer's list in parenthesis.
