Hi Mom & Jim.

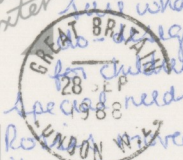

I received mail from home the past couple of days so now I feel like a person with friends. I love getting mail. Sorry to hear that Deena's history Jim, she's missing out. What's her problem? How's AAA mom? Glad you like it.

Michelle is visiting now. She's been here since Monday and is leaving Thurs. We went last night to see "42 Street". It was fabulous!! And fairly inexpensive.

We went to see the Roman Baths in Bath last Friday on a fieldtrip. It was pretty neat and another beautiful city.

Just BATH I'm still trying to figure out my independent sticky topic. Childrens Bureau didn't work out. I may work at Play Hatten - a toy library for disabled kids.

Colin Baxter I'm not exactly sure what they mean by "equi" toys for children with special needs?
