Hi Jim and Mom,
 How was Vermont? I thought of you, probably sitting in the hottub and I was jealous. Hope you had a good time. I had fun in Brighton. It took 5 1/2 hours to get to by bus, when it was only about a 2hr ride, but we eventually made it. The pebble beach was great. The town was pretty also. There are still so many flowers blooming there. Brighton Pavilion is being "refitted". We didnt go in. The boardwalk and pier look similar to Atlantic City. The pebble beach was the best! I took my shoes off and waded in the water. A little chilly, but not bad for October. I collected a lot of pebbles.

Shu & I went to a childrens museum here yesterday. It was neat - on assignment for my Ind. study. They showed puppets, dolls, dollhouses, train sets and board games. It really showed aristocracy in England. Some of the dollhouses were as tall as I am.

they were decorated so richly - almost gaudy. I enjoyed seeing the exhibit. I said a lot about how times change. I heard s.u. beat Penn St. John & Steve at s.u. got b-ball tickets for me, so I'm happy.
